

Electrolyzer Test Bench **for Single Cells and Stack**

PEM | AEM | AEL

Electrolyzer Test Bench for Single Cells and Stack

Sonplas

PEM | AEM | AEL

- Modular from single cell to multi-cell stacks
- High-precision measurement and control
- Compliant safety concept (H_2 , O_2)

Highlights and test options

- Automated test sequences and data logging
- Differential pressure, flow control
- Temperature management
- Gas and water management
- EIS, polarization
- Remote access, interfaces (OPC UA, etc.)

30+ years of experience

Excellence in engineering

Everything from a single source

Projects up to ~ €15 million

Family-owned
