Best National Pavilion

2023 Market Intelligence Platform of the Year

EIC Membership

Your **award-winning** global trade association, committed to keeping you informed, connected and growing by identifying global energy opportunities

www.the-eic.com

[EIC \(Energy Industries Council\)](#)

DataStream

Are you up to date on the **latest project developments** in the energy market?

The EIC's leading market intelligence database – EICDataStream – contains information on energy projects and associated contracting activity right across the world from inception stage all the way through to construction and decommissioning.

AssetMap

To assist your company in identifying potential opportunities in the operational and abandonment markets, The EIC's operations and maintenance (O&M) database now maps energy facilities **across all energy sectors GLOBALLY** (excluding Russia, China and North Korea).

SupplyMap

EICSupplyMap is an up to date and verified database of global supply chain companies working across the breadth of the energy industry. This database will help you to enhance your **understanding of local players** in your markets, **identify competitors**, **explore potential collaboration opportunities**, and **discover future partners** and **alternative suppliers** for your business needs.

CONSULT

EIC Consult is the **EIC's one-stop-shop**, a truly bespoke market intelligence service created to support businesses to gain a better understanding of energy industry sectors, local markets, and available business opportunities.

Profile Raising

Members and key industry personnel are kept up to date with weekly newsletters, monthly and quarterly magazines, and a wide range of market intelligence insight reports.

These publications can also provide members with a **unique marketing platform**. Members are encouraged to submit articles for inclusion to assist in promoting their products and services.

Worldwide offices

We offer our members assistance through our global office network - we have a presence in all the key energy regions around the world – **Europe, Middle East, Asia Pacific, North and South America**.

EIC Events

Engage with **industry decision makers** and **experts** to hear about their plans and requirements. Network with like-minded people to build knowledge and expand your business relationships.

EIC Manifesto

The EIC Manifesto aims to **drive transformative energy policy change**. This initiative aims to unite diverse stakeholders, foster innovation, and ensure equitable opportunities across the supply chain.

TAKE ADVANTAGE OF OUR BESPOKE MARKET INTELLIGENCE SERVICE

EICCONSULT

We are offering all members one free day of EIC Consult work as well as one week's EIC Consult work at the heavily discounted price of just £1,000.

ABOUT US

EIC Consult is the EIC's one-stop-shop, a truly bespoke market intelligence service created to support businesses to gain a better understanding of energy industry sectors, local markets, and available business opportunities. We are an international data-driven consulting service ready to conduct in-depth market analysis, research possible business partners, potential competitors or simply create target lists of companies who may require your products and services. We help companies to advance business strategically, exploit growth potential and set a course for success.

INTERNATIONAL DATA WITH REGIONAL EXPERTISE

Our global network of offices and staff is at hand to provide in-depth knowledge of the local and global opportunities across the energy sectors. Utilising this expert knowledge, EIC Consult is able to provide information on market entry strategies to new countries and help you navigate the new and emerging trends, globally and across all energy sectors. The local and global knowledge, combined with the use of our proprietary databases assist companies in identifying business opportunities around the globe, and allows us to provide clients with insight and analysis to help energy industry professionals make informed decisions.
