

eChem 1000

On-site CO₂ to CO conversion

- Rapid Deployment, Seamless Integration
- Industrially Proven, Renewable-Ready Operation
- Scale Without Compromise
- High Conversion, Lower Downstream Costs

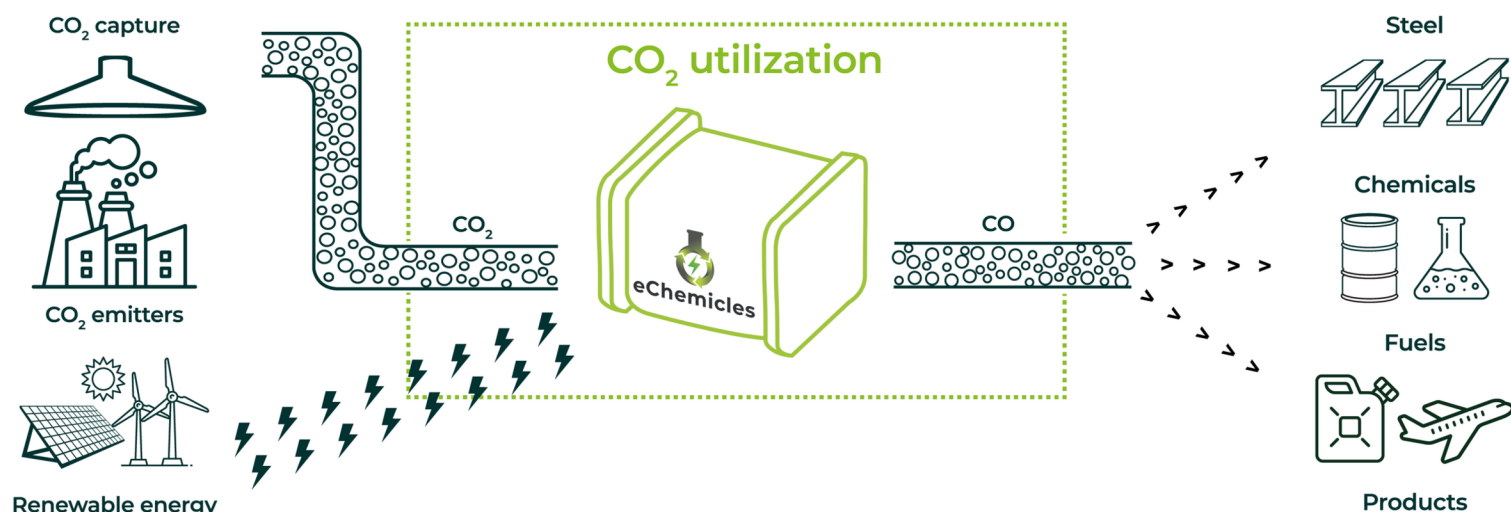

Create Value From Your Emissions

On-site CO₂ to CO Conversion

The **eChem100™** and **eChem500™** convert captured waste CO₂ to CO onsite using only electricity and water.

- ✓ Decrease dependency on fossil fuels
- ✓ Reduce ETS and value chain costs
- ✓ Be resilient to geopolitical risks
- ✓ Progress towards a low-carbon supply chain
